

BLACK MALE VOTING PATTERNS

Black voters are the bedrock of the Democratic coalition. Donald Trump's campaign strategy to win more Black males voters, however, has yielded results both for him and Republicans down ballot. To win this election and secure a strong future for the party, Democrats need to lean into racism and explain how specific policies can help dismantle systematic racism.

Black voters top issues include Racism and Police Brutality

Black voters overwhelmingly support Joe Biden

Black Voters believe that they will be the target of violence and do not trust the police to protect them

40% of Black voters feel that they will be a **target of post-election violence**
